Dear Flamenco Supporter,

RE: SINGAPORE FLAMENCO FESTIVAL 2022: VIVIR!!!

Greetings from FLAMENCO SIN FRONTERAS, Singapore's foremost registered non-profit flamenco dance theatre company, under the artistic direction of Maestro Antonio Vargas. We are seeking your support for our upcoming **Singapore Flamenco Festival 2022: VIVIR!!!** from 21st-25th September 2022.

Flamenco, more so than many other dance/art forms, is nothing unless one sincerely communicates one's emotions, feelings and soul through the powerful synergy of guitar, voice and dance. It is a platform that allows the honest expression of any emotional or social condition. Flamenco is not just art. It is Life.

The **Singapore Flamenco Festival 2022: VIVIR!!!** includes performances from our international guests, Cristina Aguilera (dancer), David Caro (guitarist) and Miguel Lavi (singer), who are some of the best contemporary artistes from Spain.

Through the Festival audiences will be able to:

RECONNECT with the intensity and excitement of **LIVE** performances as the **Singapore Flamenco Festival 2022: VIVIR!!!** showcases the best of international and local talents through three powerful presentations - *DUENDE*, *TARAB* and *AMALGAMA*.

TAKE the opportunity to also participate in an introductory seminar workshop aimed to engage with audiences curious about flamenco, with

insights into its history and cultures, and including live demonstrations from guest performers.

BE ENTRANCED by our productions, *TARAB* and *DUENDE*, as they bring us back to the spectrum of the human condition. Through traditional flamenco's exploration of the range of human emotions and their power and intensity, we remind ourselves of humanity's vulnerability, and our common fragile human condition that connects us all. These performances allow audiences to intensely feel a range of emotions from sorrow and pain, to happiness and joy, and allows each of us to be in touch with our human self once again.

BE UNITED by our production, *AMALGAMA*, which brings together many cultures through music and dance under one roof, reminding us how music is a universal language that connects people. *AMALGAMA* affirms how different cultures living together can blend, mix, and eventually create a new voice together.

FEEL ALIVE with dance, music and song. **LIVE!**

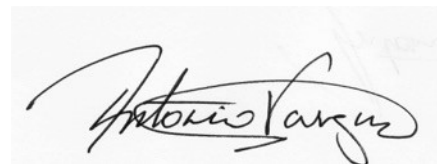

OUR AIM is to bring you an artistically excellent and sincerely executed Festival with live performances and interactive workshops. **SUPPORT** from friends like you helps make this happen. The budget for this year's Festival is SGD60,000. We are therefore seeking your support to help defray the Festival costs. Our target is to raise SGD10,000 through sponsorships, advertisements and donations.

With your generous support, **TOGETHER**, we can continue to grow and contribute to an exciting and vibrant Arts scene in Singapore.

Yours Sincerely,

Daphne Huang Mei Ling

ABOUT FLAMENCO SIN FRONTERAS

WHO WE ARE

Flamenco Sin Fronteras is a registered Arts and Heritage Charity organization with the mission to push artistic borders, build bridges through dance and inspire a nation through borderless artistic expression in Flamenco.

OUR VISION

From inspiring individuals through borderless artistic expression to appreciating the history behind Flamenco, we believe in (want to create) a Singapore that embraces Flamenco as a way of life.

OUR MISSION

By creating works that continuously challenge and inspire us as artistes, we hope to:

Push artistic borders: By exploring new ways in showcasing Flamenco whilst retaining the soul of this art form.

Make bridges: By bridging cultural gaps and creating a platform for collaboration between artistes based in Singapore and overseas.

Inspire a nation: Through our arts education programs for the youth and community outreach; and supporting other non-profit organizations in raising awareness of social causes that are relevant in Singapore.

Over the past years, through theatre productions, traditional performances and outreach programs, we have reached out to at least 10,000 audience members per year. Flamenco Sin Fronteras continues to engage our local community as well as underserved sectors such as Seniors, Mental Health clients and Kids at Risk through our outreach programs. Through the National Arts Council, we have also been a regular face in outreach performances such as Arts in the Neighborhood, Silver Arts Festival, and NAC Arts Education Programs in Singapore.
